FR Y-11

Financial Statements of

U.S. Nonbank Subsidiaries of U.S. Holding Companies

and

FR Y-11S

Abbreviated Financial Statements of

U.S. Nonbank Subsidiaries of U.S. Holding Companies

Federal Reserve System

Statistics Function
October 2026

Overview

This document provides the required file format for submitting the data via Reporting Central and shows how a reporting institution can create the file from a spreadsheet for the ***FR Y-11—Financial Statements of U.S. Nonbank Subsidiaries of U.S. Holding Companies*** and the ***FR Y-11S—Abbreviated Financial Statements of U.S. Nonbank Subsidiaries of U.S. Holding Companies***. Formulas were used to pull the data from the spreadsheet worksheets containing the data and format them for transmission to Reporting Central.

How to create a text file from a spreadsheet for the FR Y-11

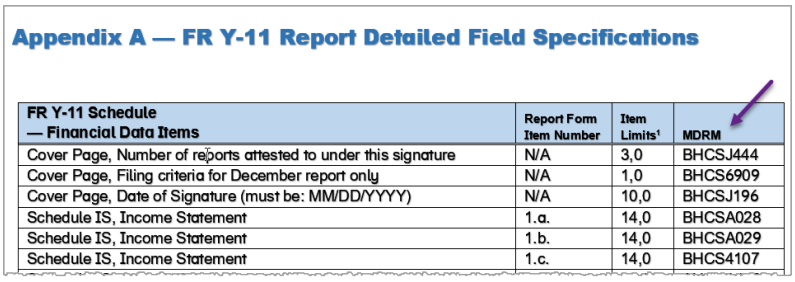

The FR Y-11 is comprised of multiple schedules and several hundred financial and text fields. To minimize issues with problems arising during the creation of the Reporting Central text file, it is strongly recommended reporting institutions follow the process described below.

NOTE Only one file upload can be submitted for each individual respondent and as of date. It is no longer possible to submit multiple branches or agencies in a single file.

Field Labels

The identifying label for both financial and text data is the four-character and eight-character MDRM descriptor listed in ***Appendix A***.

Reporting Central uses the 8-character **MDRM** to identify individual report items. For File Upload, Reporting Central allows you to use either the **Reporting Central format** or the **CIPS format**.

Appendix A — FR Y-11 Report Detailed Field Specifications

FR Y-11 Schedule — Financial Data Items	Report Form Item Number	Item Limits[1]	MDRM
Cover Page, Number of reports attested to under this signature	N/A	3,0	BHCSJ444
Cover Page, Filing criteria for December report only	N/A	1,0	BHCS6909
Cover Page, Date of Signature (must be: MM/DD/YYYY)	N/A	10,0	BHCSJ196
Schedule IS, Income Statement	1.a.	14,0	BHCSA028
Schedule IS, Income Statement	1.b.	14,0	BHCSA029
Schedule IS, Income Statement	1.c.	14,0	BHCS4107

Field Values

Financial data fields can have either positive, negative, zero, or null values. These values are formatted differently in the Reporting Central and CIPS upload files.

Table 1. Format Differences for Financial Data Item Values

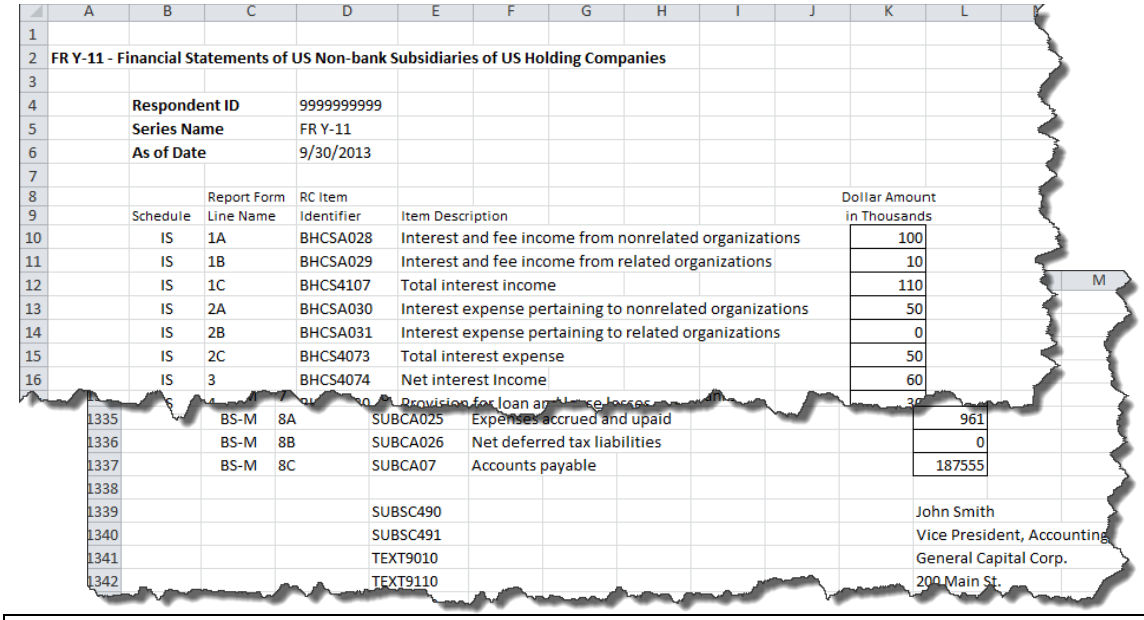

Financial Data Item Value	Reporting Central Format	CIPS Format
Positive	[leave value as is]	Preceded by plus (+) sign
Negative	Preceded by minus (-) sign	Preceded by minus (-) sign
Zero	0	+0
Null (or blank)	[leave blank]	-0

Step 1 – Create Data Listing

Since it is presumed that the reporter already has the report data in spreadsheet format, all subsequent steps in this guide are based on using this report data as the source. The first step recommended is to create a sequential listing of all the items containing the item number, the eight-character MDRM, item description, and item value.

It is easier if you list all the financial data items first and then the text items after that.

Both the **Reporting Central file format** and the **CIPS file format** use the eight-character MDRM (see *Column E* below).

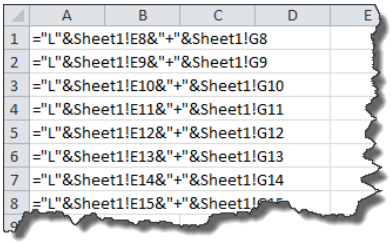

1													
2	**FR Y-11 - Financial Statements of US Non-bank Subsidiaries of US Holding Companies**												
3													
4		**Respondent ID**		9999999999									
5		**Series Name**		FR Y-11									
6		**As of Date**		9/30/2013									
7													
8			Report Form	RC Item							Dollar Amount		
9		Schedule	Line Name	Identifier	Item Description						in Thousands		
10		IS	1A	BHCSA028	Interest and fee income from nonrelated organizations						100		
11		IS	1B	BHCSA029	Interest and fee income from related organizations						10		
12		IS	1C	BHCS4107	Total interest income						110		
13		IS	2A	BHCSA030	Interest expense pertaining to nonrelated organizations						50		
14		IS	2B	BHCSA031	Interest expense pertaining to related organizations						0		
15		IS	2C	BHCS4073	Total interest expense						50		
16		IS	3	BHCS4074	Net interest Income						60		
		S			Provision for loan and lease losses						30		
1335			BS-M	8A	SUBCA025	Expenses accrued and upaid						961	
1336			BS-M	8B	SUBCA026	Net deferred tax liabilities						0	
1337			BS-M	8C	SUBCA07	Accounts payable						187555	
1338													
1339					SUBSC490							John Smith	
1340					SUBSC491							Vice President, Accounting	
1341					TEXT9010							General Capital Corp.	
1342					TEXT9110							200 Main St.	

NOTE Adding additional information to this spreadsheet (like item description and item number) can make items easier to identify and help troubleshoot potential problems. However, this info is completely optional.

Step 2 – Link and Format Data Cells

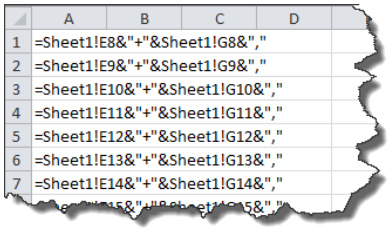

In Sheet 2 of the workbook, all the financial and text items will be linked to cells in Sheet 1 and formatting characters inserted to aid in the creation of the final text file. Note that the formatting of item values in the **Reporting Central upload file** differs from that of the **CIPS upload file**.

RC Format —Sheet 2
will look like this:

	A	B	C	D	E
1	="L"&Sheet1!E8&"+"&Sheet1!G8				
2	="L"&Sheet1!E9&"+"&Sheet1!G9				
3	="L"&Sheet1!E10&"+"&Sheet1!G10				
4	="L"&Sheet1!E11&"+"&Sheet1!G11				
5	="L"&Sheet1!E12&"+"&Sheet1!G12				
6	="L"&Sheet1!E13&"+"&Sheet1!G13				
7	="L"&Sheet1!E14&"+"&Sheet1!G14				
8	="L"&Sheet1!E15&"+"&Sheet1!G15				

CIPS Format —Sheet 2
will look like this:

	A	B	C	D
1	=Sheet1!E8&"+"&Sheet1!G8&","			
2	=Sheet1!E9&"+"&Sheet1!G9&","			
3	=Sheet1!E10&"+"&Sheet1!G10&","			
4	=Sheet1!E11&"+"&Sheet1!G11&","			
5	=Sheet1!E12&"+"&Sheet1!G12&","			
6	=Sheet1!E13&"+"&Sheet1!G13&","			
7	=Sheet1!E14&"+"&Sheet1!G14&","			

This code is repeated for all fields. Once all fields have been linked, you can create the text file.

Reporting Central – Data Format

- "L" is the separator between data items.
- Eight-character MDRM.
- "+" represents the maximum number of columns on the report form into which financial data can be entered. If a report section contains less number of columns than another section that has the maximum number, each item still must contain the maximum number of +'s.
- Financial data is entered after each "+".
- Text data entry is preceded by two underscores and followed by two underscores.

For Example
Reporting Central Financial Data Excel Formula: `="L"&Sheet1!E8&"+"&Sheet1!G8`
Translates to: `LSUBIA028+100`

Reporting Central Text Data Excel Formula: `="L"&Sheet1!E347&"__"&Sheet1!G347&"__"`
Translates to: `LSUBSC490__John Smith__`

CIPS – Data Format

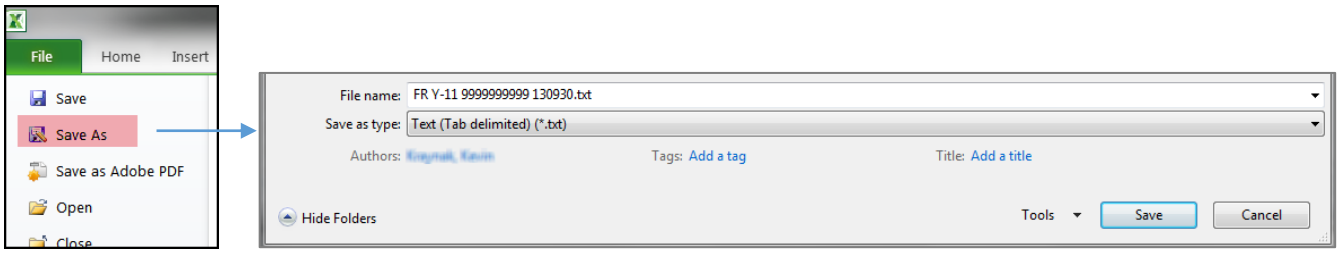

- Data items are separated by commas.
- Eight-character MDRM.
- "+" is placed between the MDRM and the data value.
- Null values are represented by "-0" and are not preceded by the "+" sign.
- Text data values are preceded by a single underscore and followed by two underscores

For Example
CIPS Financial Data Excel Formula: `=Sheet1!E8&"+"&Sheet1!G8&","`
Translates to: `SUBIA028+100,`

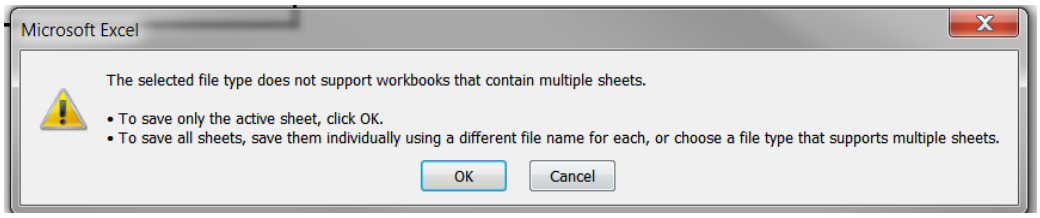

CIPS Text Data Excel Formula: `=Sheet1!E347&"+_"&Sheet1!G347&"__,"`
Translates to: `SUBSC490+_John Smith__,`

Step 3 – Create the Text File

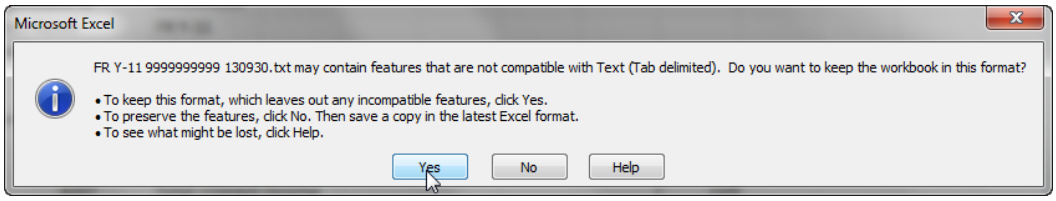

After saving the file in spreadsheet format the text file can be created by first navigating to the File tab. Then selecting the 'Save As' option and indicating the file type as 'Text (Tab delimited) (*.txt).'

A message will appear indicating that this file selection does not support workbooks with multiple worksheets, select 'OK.'

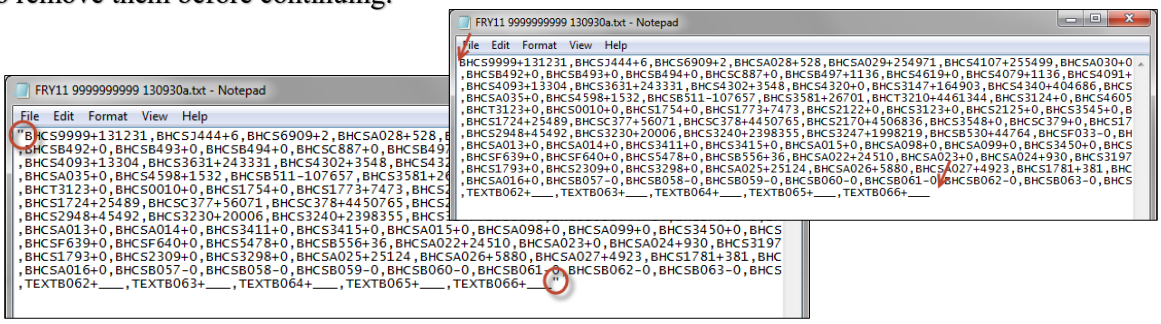

An additional message will be displayed concerning incompatibility features, select 'Yes.'

Step 4 – Format the Text File and Add Header Record

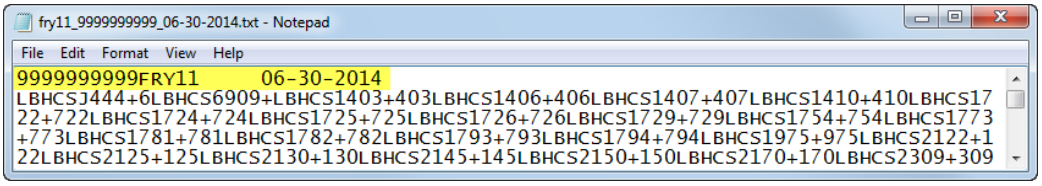

The text file will have been created and will look like this (the example shows the CIPS upload file, but the Reporting Central format will look similar except for the formatting differences discussed above). If the generation of this file includes quotation marks (see below) at the beginning and the end of the file, you will need to remove them before continuing.

The next step is to add the header record.

The **Reporting Central file header** record consists of the following items:

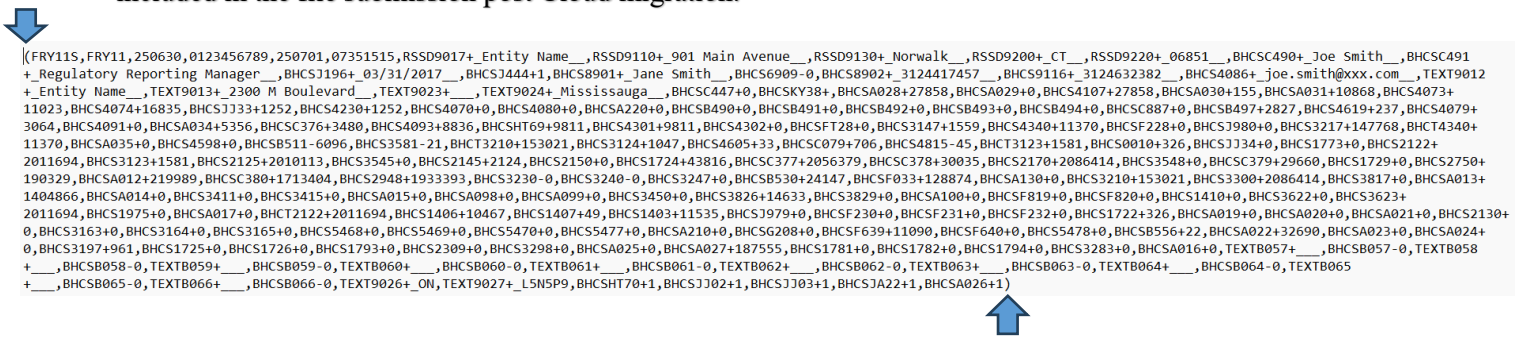

- the first 10 characters are the RSSD ID with leading zeroes
- the next 10 characters are the report series name **FRY11**, followed by five spaces
- the report as-of date, in MM-DD-YYYY.

The **CIPS file header record** consists of the following items, all separated by a comma (“,”):

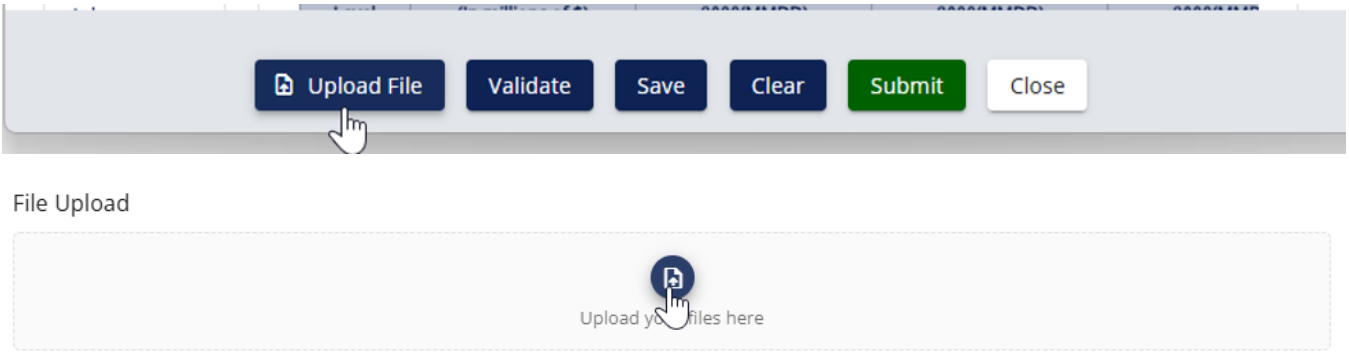

- the series password that is provided by the Federal Reserve Bank analyst—it must be exactly eight characters in length and spaces should be inserted if the actual password is shorter
- the report series name **FRY11**
- the report as-of date, in YYMMDD format
- the reporter RSSD ID—it must be ten digits in length and should be prefixed by leading zeroes if shorter
- the date stamp, in YYMMDD format
- the time stamp, in HHMMSS format, then add two zeroes at the end.

The final step in formatting the CIPS file is to enclose the entire file in parentheses by inserting a left parenthesis at the beginning of the file and a right parenthesis at the end of the file. **Note**: BHCS9999 should no longer be included in the file submission post Cloud migration.

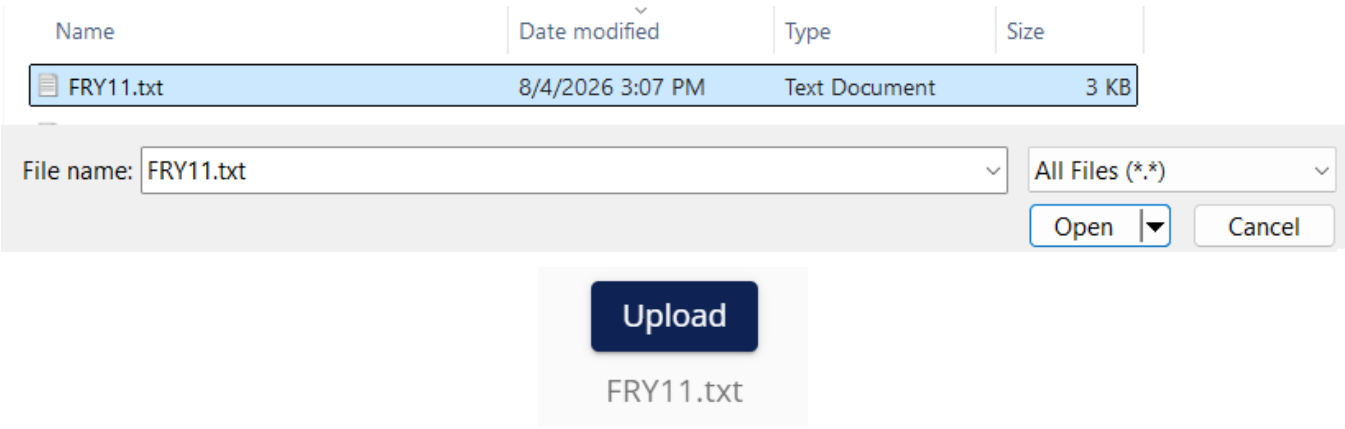

Step 5 – Reporting Central Submission

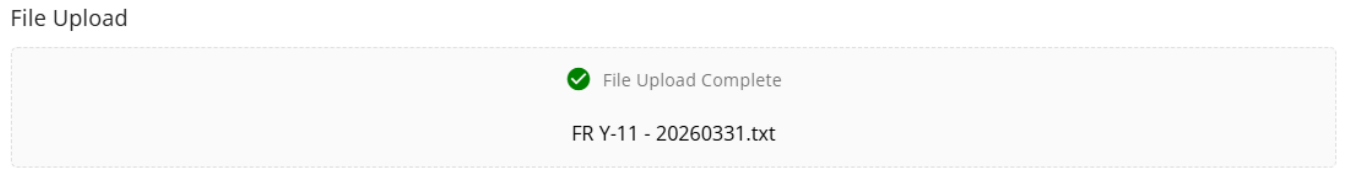

In Reporting Central, select the "Upload file" tab and then click the "Upload your files here" tab.

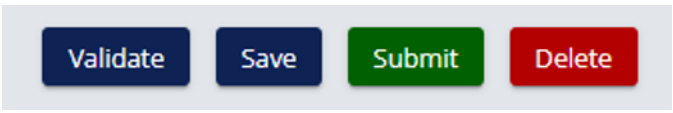

Then, navigate to the stored XML file and select the filename so it appears in the 'File name:' box. Select "Open" to continue and then hit the "Upload" button.

If there are no formatting issues during the file upload you will get a message that the file upload is completed and the data will load directly into the report screen.

The report data can then be validated and saved. If errors exist in the text file, error messages will appear in the file upload window, which can be used to troubleshoot any formatting issues.

How to create a Text file from a spreadsheet for the FR Y-11S

All the formatting requirements that apply to the FR Y-11 report also apply to the FR Y-11S. The only difference is to the field labels and the file header information.

Field Labels

The MDRM field labels for the FR Y-11S can be found in ***Appendix B***.

Appendix B — FR Y-11S Report Detailed Field Specifications

FR Y-11S Report Schedule	Report Form Item Number	Item Limit [4]	MDRM
Financial Data Items			
Cover Page, Number of reports attested to under this signature	N/A	3,0	BHCSJ444
Abbreviated Financial Statements	1.	14,0	BHCS4340
Abbreviated Financial Statements	2.	14,0	BHCS2170
Abbreviated Financial Statements	3.	14,0	BHCS3210

File Header

The file header should be formatted as follows, for both the *Reporting Central* and the *CIPS* file uploads.

The **Reporting Central file header record** consists of the following items:

- the first 10 characters are the RSSD ID with leading zeroes
- the next 10 characters are the report series name **FRY11S**, followed by four spaces
- the report as-of date, in MM-DD-YYYY.

The **CIPS file header record** consists of the following items, all separated by a comma (","):

- the series password that is provided by the Federal Reserve Bank analyst—it must be exactly eight characters in length and spaces should be inserted if the actual password is shorter
- the report series name **FRY11S**
- the report as-of date, in YYMMDD format
- the reporter RSSD ID—it must be ten digits in length and should be prefixed by leading zeroes if shorter
- the date stamp, in YYMMDD format
- the time stamp, in HHMMSS format, then add two zeroes at the end.
